

Facts at a Glance

About Sutter Health

Sutter Health is the parent of a not-for-profit, integrated healthcare system primarily located in Northern California and committed to health equity, community partnerships and innovative, high-quality patient care. Our over 60,000 employees and aligned clinicians serve more than 3 million patients through our hospitals, clinics and home health services.

Improving Community Health

Sutter Health's investments to advance community health include:

\$1.03
BILLION

Invested in the community in 2020—this amount includes traditional charity, the unreimbursed costs of providing care to Medi-Cal patients and investments in community health programs

149
PARTNERSHIPS

Partnerships with community healthcare clinics & community based organizations to expand access to care

\$60
MILLION

Invested in research and development in 2020 to support efforts addressing a range of health concerns including stroke, breast cancer, Alzheimer's disease and dementia, recovery after liver and kidney transplant, and diabetes

\$9
BILLION

Over the past ten years, we invested \$9 billion in new facilities and lifesaving technology, including upgrading and building new hospitals and care centers, making critical care more widely available and scaling telehealth practices
